Dear Recipient,

At San Antonio Pets Alive!, we believe in a community that provides second chances to dogs, cats, puppies, and kittens that would otherwise suffer the eventuality of euthanasia. Our work over the last seven years has been in an effort to change San Antonio's perception of what is acceptable for these vulnerable lives and we know, by the thousands of voices in our neighborhoods that have joined us, that we are not alone. Because of the support from generous individuals who give out of their desire to make an impact, SAPA! has been able to save more than 47,000 lives since our inception in 2012.

However, this is not the end. There is still a long road to travel and more work to be done.

It is for this reason that we're introducing the **Lifesaving Circle**, SAPA!'s brand new leadership giving program which invites those giving a minimum of \$500 annually to join our efforts to continue saving lives each and every day. By making an annual pledge of a gift of \$500, \$2,500, or even \$10,000 or more, saving more lives than ever before is possible!

Together We Can Save Lives

With the flexibility to be used wherever they are most needed, Lifesaving Circle gifts strengthen the programs provided to the animals we rescue from euthanasia. Your gift provides medical treatments, surgeries, spay/neuter services, microchipping, vaccinations, transport services and so much more. Our lifesaving programs include foster and adoption components, including support for infant puppies and kittens still reliant on a caring hand to help them grow and thrive. In addition, SAPA! offers medical care and treatment through our medical clinic, focusing heavily on providing assistance to puppies struggling with the deadly canine parvovirus. Finally, SAPA!

provides lifesaving transportation for primarily medium and large dogs that often struggle to find families in San Antonio. For this reason, SAPA! sends them to rescue partners in other states to provide more opportunities to find their forever family, saving them from euthanasia and opening a kennel space to save another life in need. Every single one of these incredibly vital programs is supported by your annual commitment of \$500 or more.
